Warehouse Management

- Code Camp 2010

-

- Group – 9
    - Barun Khanal
    - Nina Korjus
    - Tania Belyaeva
    - Natalia Tetervova

Problem Statement

- Huge warehouse/ product need be stored also without order

- Use trucks/vehicle to transport

- Different type of products (tall, heavy, expensive, moving expensive)

- Placing wrong place → lot of extra cost

- Cant find specific product → manufacture instantly, not-found product takes space, product destroyed

Possible Solution
