# Smart Alarm

- Stop the alarm using alternative solutions
  - Use the cell phone resources to achieve this
  - You should be able to stop it even if you cannot reach it
  - Stop it even if you cannot see the screen

Mihai Iusan   Camilo Cifuentes   Bhupesh Mudari

Smart Alarm

- Setup the Alarm
- Stop it by Sound
- Shake to stop
- Flip it to stop
- Save settings

Qt Coding Experiences

- What was impressive
  - Testing the software on the simulator
- What was good
  - It easy to create the interface
  - Using sensors is easy
- What was bad
  - It was hard to handle the microphone
- What was a showstopper
  - We couldn't use the vibration (mobility 1.1)
