

Do you want to be able to have your sauna exactly the way you want it?
Do you want to save energy?
If yes, we have a solution for you:

eAse

Energy Automated Sauna experience

eAse offers the ability to control sauna. You can also control your lighting, heating, alarm system and so much more, making eAse the perfect control system for your home.

- + Tailored to your schedule
- + Easy control via the app
- + Control your sauna remotely
- + Control your light via motion detector
- + Centralized system

EVERYTHING MANAGED CENTRALLY

SIMPLE TO USE

With just a swipe of your phone or simplified backend, you can activate settings that suit your habits and lifestyle.

Your home will become smarter, safer, more comfortable and energy-efficient, whilst remaining easy to operate and affordable.

SAVE UP ELECTRICITY BILL UP TO 47 € A YEAR*

* Saving is calculated for single sauna user
